

Need technical help because of Covid-19?

Will this help make a big impact on (some of) the people of Scotland?

Contact the Scottish Tech Army with your request or idea via the website.

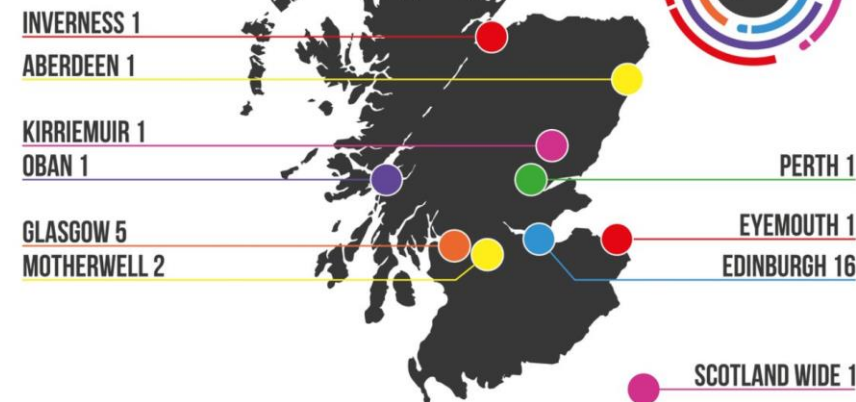

We have had a few requests from **small businesses in the retail and hospitality space** and are trying to get a bigger picture idea of the scale of the need and to help determine the best response.

Would you be able to [complete this survey](#)?

This is a great opportunity to get **free** help.

PROJECT LOCATIONS

I can't thank the Scottish Tech Army enough; a lot of us are not tech savvy so to know that the STA is out there willing to help, it's wonderful!
